

FLOWER SHOP WINDOWBOX

Supplies:

Stamps: Flower Shop

Inks: Daffodil Delight, Strawberry Slush, Crisp Cantaloupe, Pear Pizzazz

Cardstock: Daffodil Delight, Crisp Cantaloupe, Strawberry Slush, Pear Pizzazz

Accessories: Natural Composition DSP, Pansy Punch, Blossom Punch, In Color Boutique Details, Rhinestones, 1/2" Circle Punch, Tag a Box, Circles Framelits

Non SU: Test Tubes with flat bottoms, Candy

Step 1

Cut a 2 3/4 x 12 strip of Natural Composition DSP with the wood grain going vertically. Then cut into 1/2 x 2 3/4" strips.

Step 2

Cut 4 strips sized 3/8 x 12 of the Natural Composition DSP.

<p>Step 3</p> <p>Cut a template from one of the strips for the top of the picket fence, then use on each of the 1/2 x 2 3/4" strips.</p>	
<p>Step 4</p> <p>Finish cutting each of the tops on the picket fence. I used 28 of them.</p>	
<p>Step 5</p> <p>Add all the vertical picket fence pieces around the outside Tag A Box. My long sides took 10 each and the short sides took 4 each.</p> <p>Adhere the 3/8 x 12" horizontal strips to surround the box as shown. I used 4 strips.</p>	
<p>Step 6</p> <p>Cut approx 1/2" off one side of the Acetate Sleeve from the Tag a Box package.</p>	

Step 7

Use the 1" circle Framelit to cut 3 holes in the Acetate Sleeve. You'll need to run it thru the Big Shot a couple times to completely cut thru both layers of the Acetate Sleeve. (Don't worry, you don't see the holes on the one side you also cut.)

Tip: You could also use the 1" Circle punch from the sides, and then roughly cut out the center with a craft knife...it will not punch thru 2 layers.

My tubes were 3/4" wide. If using a different size of tubes, adjust your hole size.

Step 8

Fit sleeve inside box with holes at top. Fill tubes with green candy to make stems. I found Mentos Green Apple candy fit the tubes perfectly (World Market).

NOTE: Wait to place tubes in holes of sleeve until later...mine just shows how they fit.

Step 9

Build flowers by stamping Flower Shop images with inks and punching with Pansy Punch. Layer onto cardstock Blossom Punches. Stamp another Flower Shop image in Pear Pizzazz for leaves, cut off 1 and 2 leaves and tuck under flowers with mini glue dots. Add In Color Boutique Details to centers with Mini Glue Dots. Add flowers to front of tubes with Stampin' Dimensionals up near the cap.

Step 10

Cut 1/8 x 11" strips of Pear Pizzazz cardstock for fill and grass blades.

Step 11

Scrunch up the strips and fill the inside of the Acetate Sleeve.

Add the tubes thru the holes in the top of the Acetate Sleeve.

Fold up some of the strips and tuck along the box sides (between Acetate Sleeve and box) and fit in the holes with the tubes so they fit snugly.

Step 12

Stamp 3 more flowers and leaves like above. Ink the centers of another image and punch with 1/2" Circle for centers. Add Rhinestone Jewels to centers.

Add flowers to front of picket fence box with Stampin' Dimensionals, tuck leaves behind flowers.

Have fun, I think this would make a great gift to cheer someone up without costing a lot of money!
