

## SECRET GARDEN FLOWER POT CARD SET

### Supplies:

**Stamps:** Secret Garden, Vintage Verses

**Inks:** Black Stazon, Melon Mambo, Daffodil Delight, Marina Mist, Pink Pirouette, Lucky Limeade

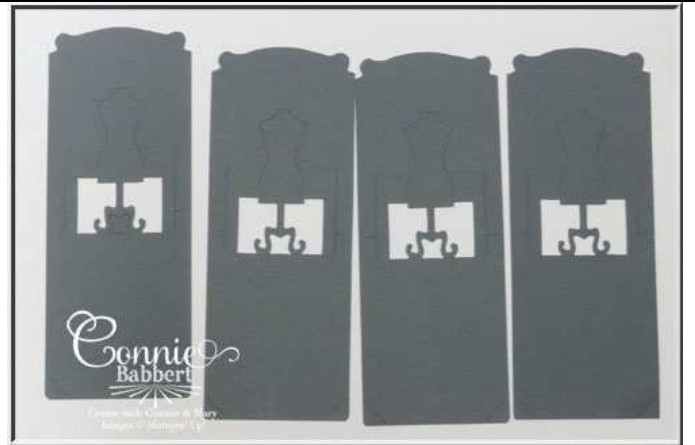

**Cardstock:** Whisper White, Cajun Craze, Marina Mist, Basic Gray, Lucky Limeade, Basic Black, Sunshine & Sprinkles Designer Paper

**Accessories:** Secret Garden Framelits, Dress Form Pop Cuts, Card Base Pop 'n Cuts, Honeycomb Embossing Folder, Two Tags Die, Word Window Punch, Basic Gray Two Tone Ribbon, Pearls, Stampin' Dimensionals, Tombow Multipurpose Glue

Step 1 - Set of 4 cards

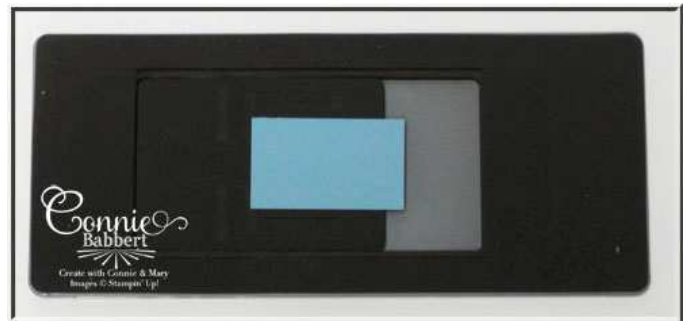

Cut 4 Dress Form Pop 'n Cuts from Basic Black cardstock.

Step 2

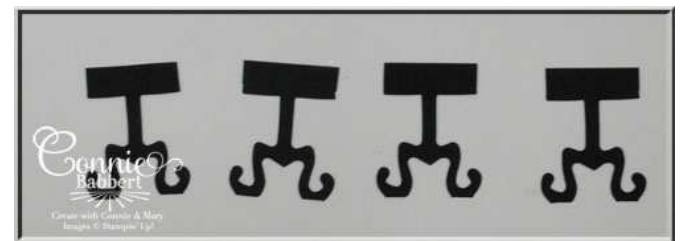

Cut 4 dress form bases for "wrought iron stands" from Basic Black.

Note: Marina Mist cardstock is shown here so it showed up on the black background.

Step 3

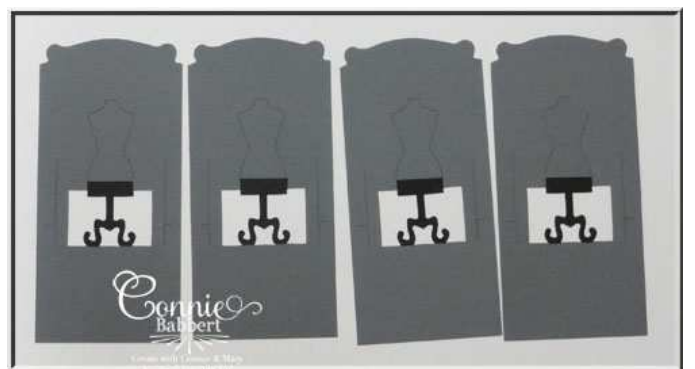

Trim the 4 dress form bases, leaving 1/2 across the top of the base.

Step 4

Adhere the Basic Black bases to the Basic Gray dress forms with Tombow Multipurpose Glue.

Trim off 2" from the bottom of the Basic Gray inserts.

### Step 5

Cut four card bases from Marina Mist cardstock.

Tip: The Card Base XL Die size is exactly 4 1/4 x 11. I placed the cardstock exactly in place to cut that size and I was able to get 2 from each sheet of cardstock. The only scrap was the curved cut at the top.

### Step 6

Carefully fit the Dress Form inside the Marina Mist base and adhere. Pop out the Dress form.

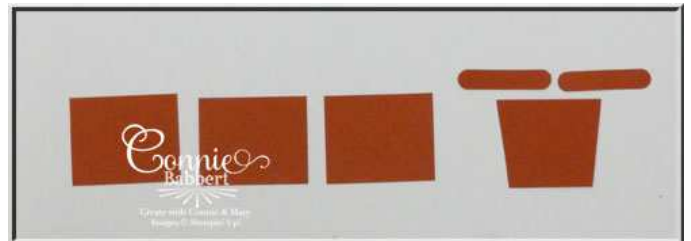

Set aside.

### Step 7

Cut 4 Cajun Craze cardstock rectangles 2 x 1 3/4". Starting at bottom 1/4" in and cut a diagonal to top edge on each side to form the flower pot.

Punch 2 Word Windows from Cajun Craze cardstock.

### Step 8

Adhere the Word Window punches to the top of the base and run thru Big Shot with the Honeycomb Folder.

### Step 9

Stamp with Black Stazon and colors, then watercolor a variety of Secret Garden flowers and leaves. I went with a solid color theme on each different card.

Stamp 4 extra flowers on Lucky Limeade with Black Stazon to cut up for leaves.

Not shown: Stamp and cut another set for tag at this point.

### Step 10

Add flowers to Flower Pots (I used a color theme for each card), and cut up Lucky Limeade cardstock flower for leaves. Add Flower Pots to inside base cards, making sure to line up pot allowing 1/8" of the "wrought iron" base to show the pot is sitting on it.

Add 1 x 4 1/4 strip of Designer Paper and a matching flower to cover inside seam. Stamp Versatile Verses in Black Stazon inside.

Marina Mist and Pink Pirouette shown.

### Step 11

Melon Mambo and Daffodil Delight shown.

### Step 12

On the outside, stamp the large flower twice, cut with Framelits and then cut the inside center flower with Paper Snips and place on larger flower with Stampin' Dimensionals. Add Pearls to center.

Place a 1 x 4 1/4 strip of Sunshine & Sprinkles DSP across the front, add the Lucky Limeade leaves and stamp Just Because in Basic Black ink on front. Add flower with Stampin' Dimensionals.

Close cards by inserting tabs in slits on back piece.

### Step 13

Make tag from Two Tags Die using Marina Mist cardstock.

Assemble flowers in flower pot as shown above, add more cut up Lucky Limeade flower for leaves. Add Pearls to each of the centers.

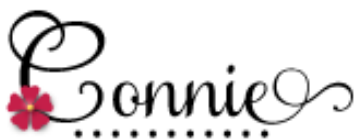

Stamp Just Because from Versatile Verses in Black Stazon on scrap Whisper White and trim with a flag end. Tuck under lowest flower and leaves.

### Step 14

Wrap Two Tone Ribbon around the set of 4 cards, tie on tag and know. Trim the ends of the Ribbon.

Give as a nice little gift!
